

Global Robotics Art Festival

Express Yourself with Interactive Robots!

ROBOFEST® offers unique TEAMS (**T**echnology, **E**ngineering, **A**rts, **M**athematics, and **S**cience) learning opportunity using intelligent & interactive robotics with the following visual and performing arts categories:

- Robot Dance and Music (Performing Arts)
- Robot Kinetic Arts/Sculptures (Visual Arts)

GRAF is open to all student teams from 4th through 12th grade throughout the world. Robotics companies are invited to demonstrate robots related to arts such as robot arm dance.

The inaugural event will be held on November 23, 2013 at Macomb Community College Expo Center in Michigan. Registration is open online at www.robofest.net.

GRAF is a program of Lawrence Tech's Robofest.
